

# Let's Shake Hands

## Activity Sheet for Students

[letsread.asia/LetsShakeHands](http://letsread.asia/LetsShakeHands)

Have you ever seen cats and dogs together?

Do you think cats and dogs can be friends with each other?

Tick your answer.

- Yes, cats and dogs can be friends.
- No, cats and dogs can never be friends.
- Sometimes they can be friends and other time they fight.

In the story, we saw that both the dog and the cat had something they were good at. Can you think of other things that a dog and a cat are good at?

Fill in the gaps below.

Dogs are good at \_\_\_\_\_.

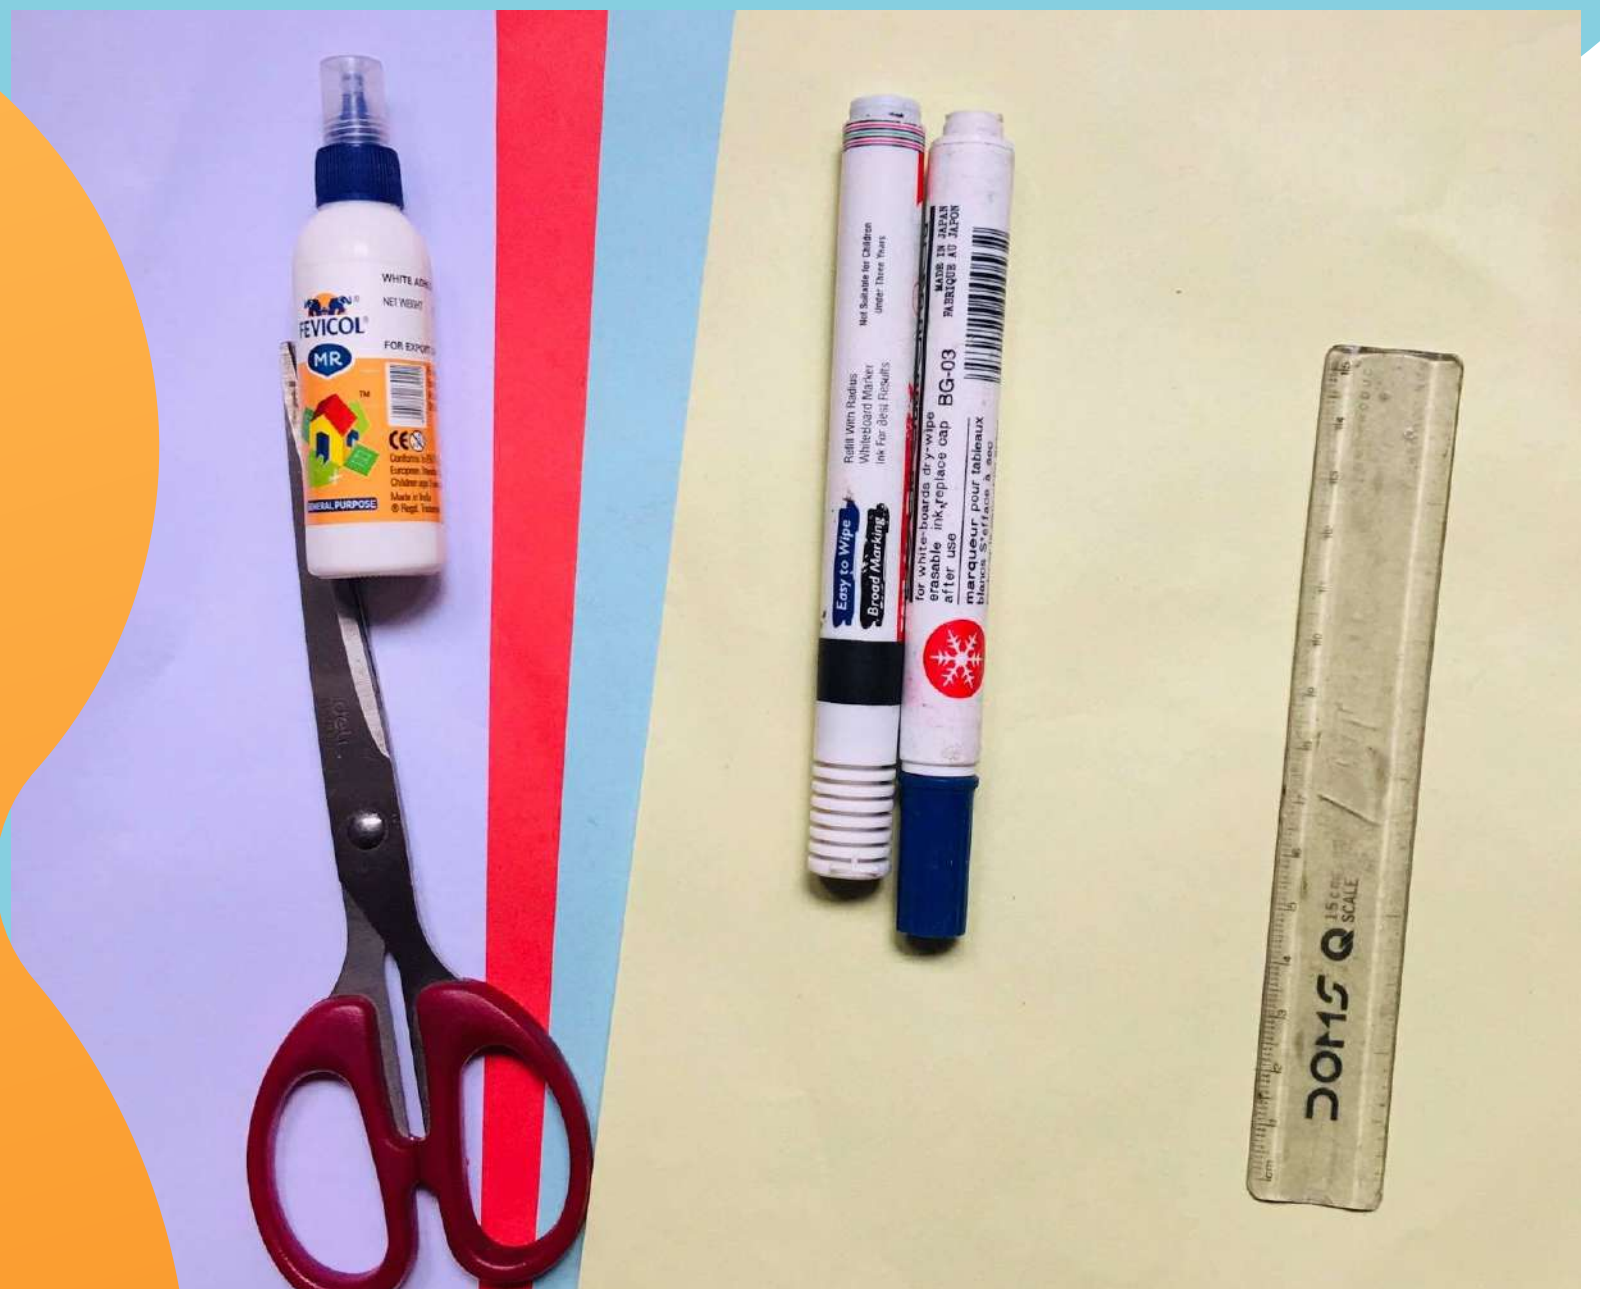

Cats are good at \_\_\_\_\_.

What do you think happens in the story after the dog and the cat become friends? Can you imagine all the fun they have together? Have you ever played with a puppet? Puppets are toys that people use to tell stories in a fun way. Do you want to make a paper puppet?

Let's build our own dog and cat puppets and tell what happens in the story with our puppets.

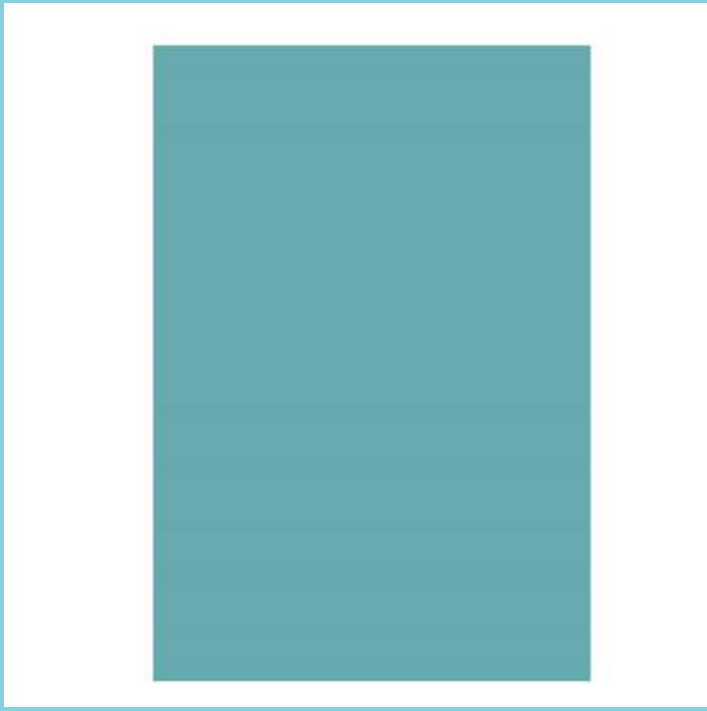

Before we start making, Make sure to have these:

1. Colorful
2. A4 Paper
3. Fevicol / Glue stick
4. Ruler
5. Sketch pens
6. Scissor

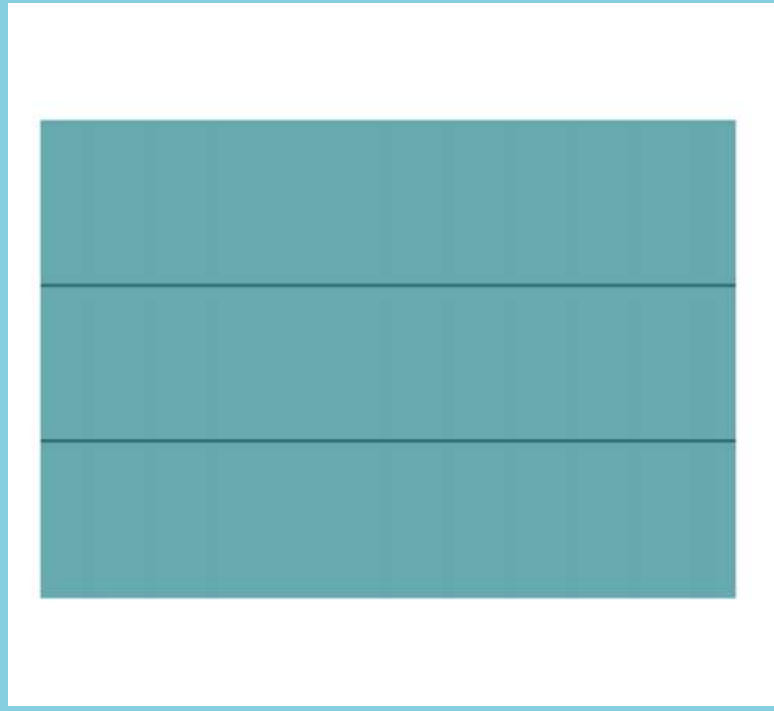

# Let's make our own dog puppet

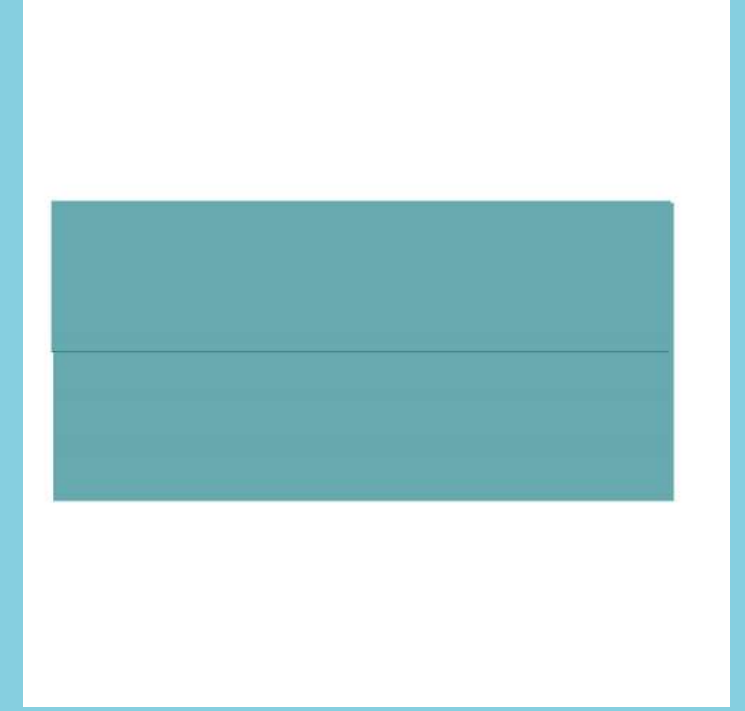

Step 1

Take a colourful A4 paper.

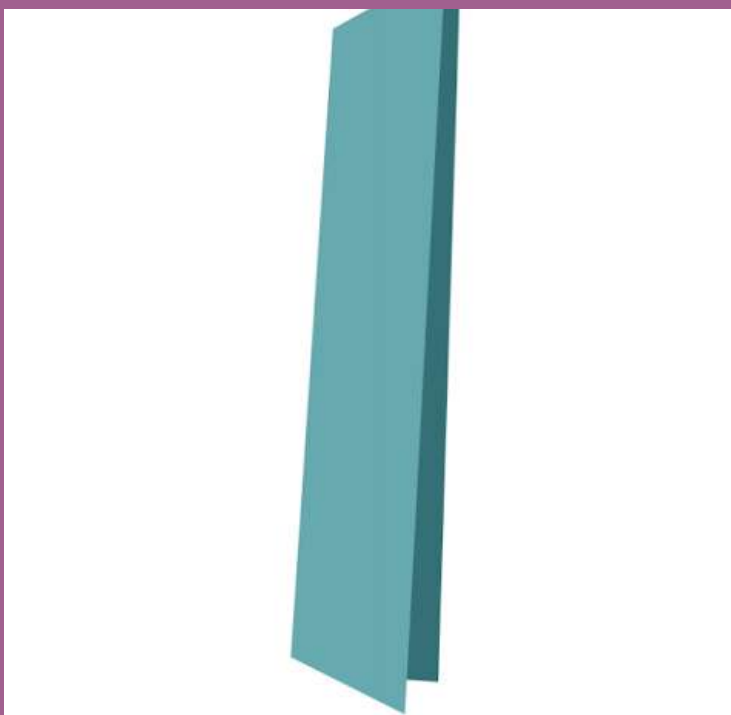

Step 2

Draw two lines on the paper at an equal distance.

Step 3

Fold the paper in from one of the lines. You can start from any line.

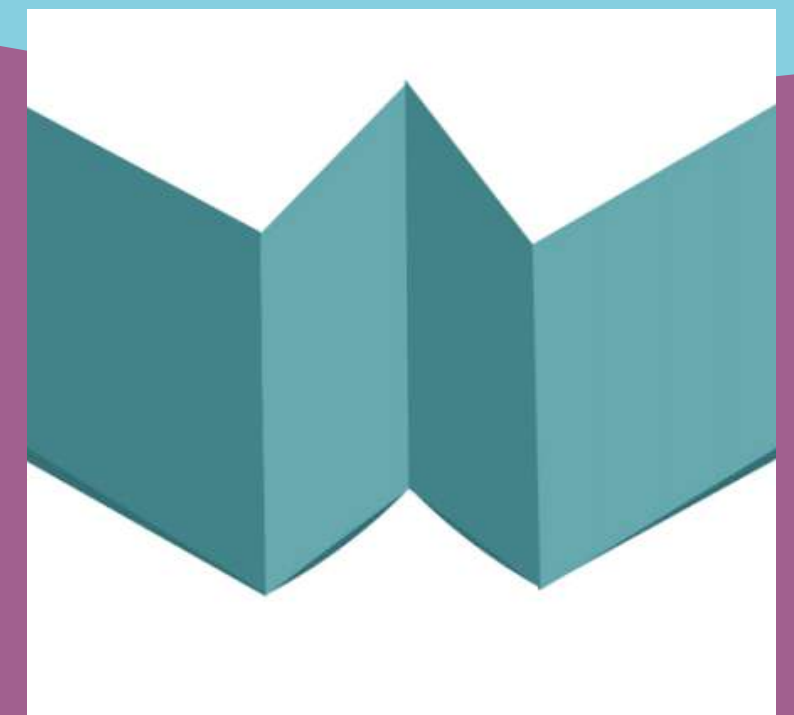

Step 4

Fold the remaining line on top of the first fold.

Step 5

Now take the paper and fold it lengthwise like shown in the picture.

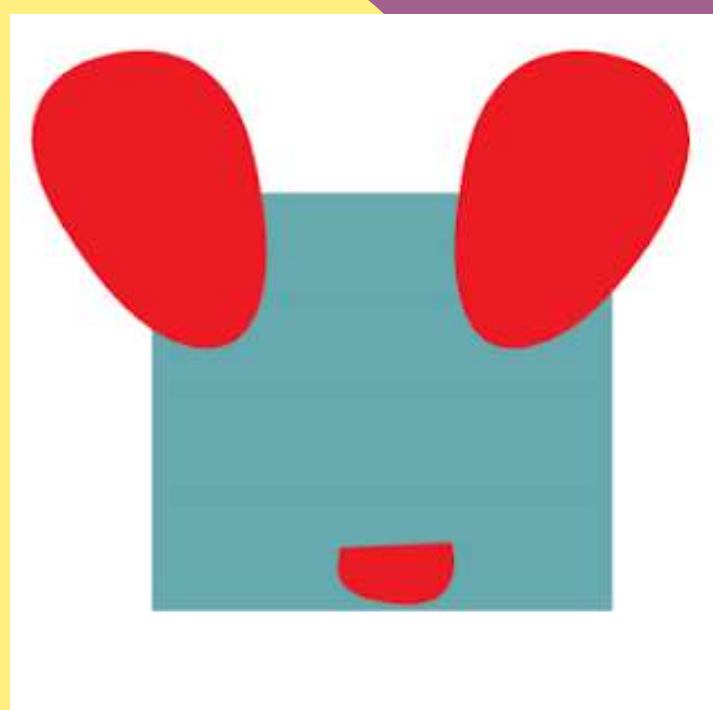

Step 6

Your paper will look like a 'W' from this view. This will be the body of your dog puppet.

Step 7

Cut out ears and nose for the puppet from another piece of paper.

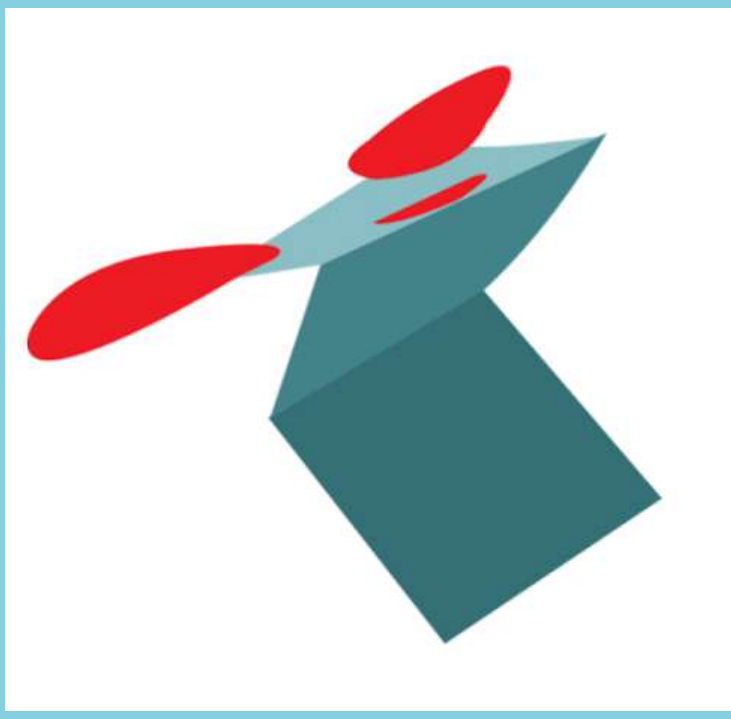

Step 8

Paste the ears and nose on the first face of the folded body. Look at step 9 to see on which side to paste the ears and nose.

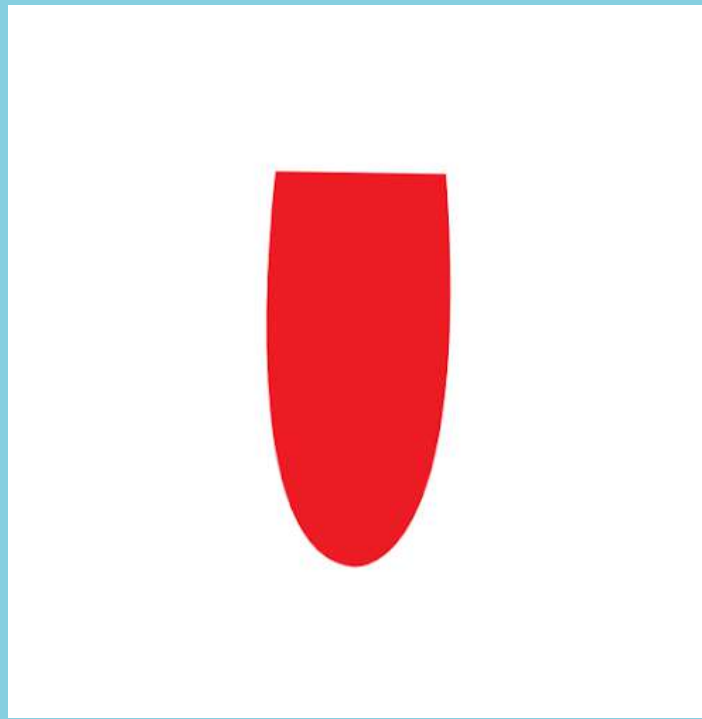

Step 9

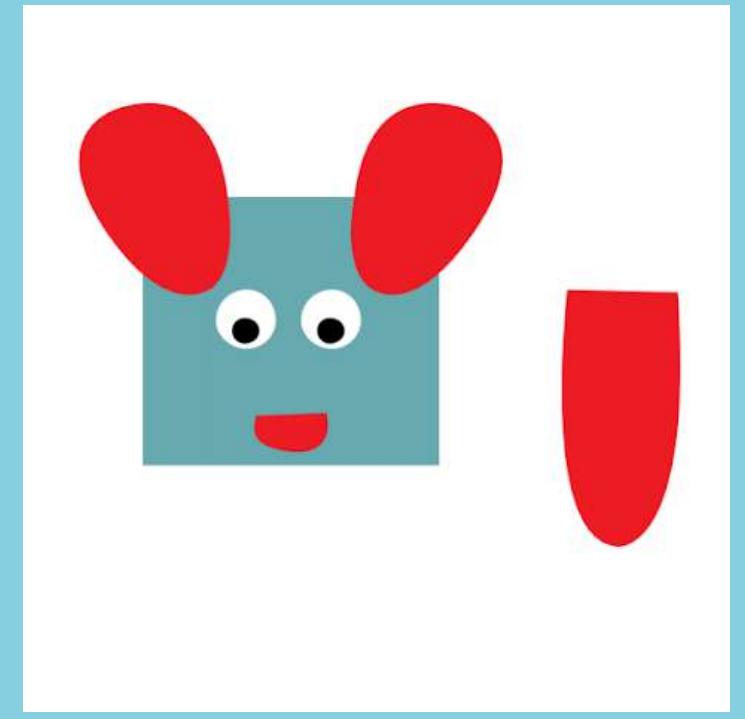

It should look like this from this angle.

(Another view)

Step 10  
Cut out the tongue shape.

Step 11  
Draw the eyes below the ears. You can also use another paper to draw the eyes and cut it out and paste it on your puppet's face.

Step 12  
Paste the tongue cut-out as shown below.

Step 13  
Insert your fore and middle finger inside the gap that is below the ears of the dog. Put your thumb in the gap that is at the opposite side to form a puppet.

## Challenge Your Skills

1. Decorate and make your puppet dog look like a real dog.
2. Make another puppet and decorate it to look like a cat.

## Challenge Your Mind

1. How does your puppet work?
2. Make a story about a dog and a cat and share it using the puppets.

# Let's Shake Hands

## Worksheet

Once your puppets are ready, get ready to perform a short puppet show.  
Use this sheet to prepare your puppet show.

## Handout

### DIFFERENT TYPES OF PUPPET

#### Traditional Kathputli

These are handmade wooden puppets made in Nepal. These puppets are controlled by the strings they are hanging on.

#### Traditional Hand Puppet

These are very popular puppets that are used in many shows. The puppeteers move the hands and the heads of the puppets with their fingers.

#### Shadow Puppet

These puppets are made by making shadows of different shapes blocking light.

#### Finger Puppet

These tiny puppets can fit in your fingers!
